

PLYMOUTH WATER EVENTS DIARY 2025

PORT OF PLYMOUTH WATER EVENTS DIARY 2025

This year's Water Events Diary has been produced as a pure information document containing only information directly associated with Water Events occurring within the Dockyard Port of Plymouth. The Diary is published on the King's Harbour Master, Plymouth Website - <http://www.royalnavy.mod.uk/KHM/plymouth>.

KHM WEB SITE

KHM's web site- contains much information relevant to mariners, including the Dockyard Port of Plymouth Order 2020, current Water Events Diary, PLNTMs, Plymnavwarns, General Directions, the Daily Movements Programme and a plethora of recreational information. Any suggestions or ideas concerning the web site should be forwarded to KHM, Longroom House, Stonehouse, Plymouth, PL1 3RT or e-mail to NAVYNBCD-KHMEVENTS@MOD.GOV.UK

INFORMATION CHANGES and UPDATES

It is necessary from time to time to inform mariners of changes to navigational information affecting the port, be they of a temporary nature or for the longer term. Additionally, events or circumstances may change so there is not only a need for flexibility, but there also needs to be a means of communicating updated information. The King's Harbour Master Plymouth uses the following means to promulgate and update information.

Plymouth Local Notices to Mariners (PLNTM)

These are formal notices of maritime safety information that affect all local mariners. Information promulgated in PLNTMs tends to be that of longer-term duration, although not necessarily so. Examples are maintenance dredging operations or information additional to the Dockyard Port of Plymouth Order. There is an annual publication of notices each year dated 1st January, which reissues all those notices from the preceding year which are still in date and the notices are sequentially numbered **/25. Thereafter, throughout the year, further notices will be issued as required and will pick up the numerical sequence from the annual publication for the year. All notices are published on KHM's website. Individuals can register for email alerts for new PLNTMs via the website.

Plymouth General Directions

General directions include similar information to PLNTMS, but are for long term information that is likely to be for a duration exceeding a year. Notices are sequentially numbered **/25 etc. All notices are published on KHM's website. Individuals can register for email alerts for new General directions via the website.

Plymouth Navigation Warnings (PLYMNAVWARNS)

PLYMNAVWARNS are messages signalled to Naval authorities or emailed to the commercial merchant authorities and recreational mariners that report short term navigational information of immediate safety interest to local mariners. For example, they report lights temporarily inoperative or buoys temporarily off station. KHM website will publish PLYMNAVWARNS are published via the KHM'S website, and an email alert system is available to those that register.

The Daily Movements Programme

The Movements Programme is issued at 1100 GMT daily that gives details of known shipping movements in and out of the port for the following day. Movement's Programme for Saturday, Sunday and Monday are issued on Fridays. The programme primarily covers Naval and Ferry shipping movements and consequently should not be relied upon for traffic in and out of the Cattewater.

The Programme also gives tidal information, sunrise and sunset times, and the status of PLNTMs and PLYMNAVWARNS. The Daily Movements Programme can be found by visiting the KHM's website which is updated daily.

Organisers of sail racing events in the Sound or Hamoaze are encouraged to use this facility. Notwithstanding the promulgated movements, mariners are reminded that it is but a plan i.e., a basis for change, and may thus not represent what is truly happening! For up-to-date movements Longroom or Flag Port Control Stations should be contacted.

Water Events Diary Amendments

The Water Events Diary will be amended to reflect changes on a periodic basis. These reflect the changes that organisers of events on the waters of the Dockyard Port are sometimes obliged to make, similarly, new events can also be incorporated into the diary section. Organisations should apply to the Deputy King's Harbour Master NAVYNBCD-KHMEVENTS@MOD.GOV.UK at the Longroom Port Control Station to change existing events or to incorporate new events into the diary.

WATER EVENT INFORMATION DOCUMENT AND CONDUCT OF EVENTS

Guidance on completing the Water Event Information Document and conduct of an event

Introduction

The Water Event Information Document (WEID) is designed as a working tool for both organisers of events afloat in the Dockyard Port of Plymouth KHM, who oversee port safety. It is a means of reconciling recreational, commercial, and military activities within the Dockyard Port.

Aim

The aim of the WEID is to remove any ambiguity by formalising and standardising communication, thus improving safety.

Application

The WEID is to be completed by organisers (or race officers) of events in the Port of Plymouth.

Timeline Guidance

A WEID should be completed and submitted to NAVYNBCD-KHMEVENTS@MOD.GOV.UK a minimum of 4 weeks prior to the event taking place. There may be a requirement to conduct a meeting with KHM due to the nature or complexity of the planned event. A Safety Plan and Risk Assessment may be necessary, and these should normally be sent to NAVYNBCD-KHMEVENTS@MOD.GOV.UK KHM Longroom 2 weeks before the event. This will assist KHM with Water Safety Management and deconfliction.

Completing the WEID

The WEID comprises of two parts with several sections. Most are self-explanatory and many prudent event organisers will already address the constituent elements. This form is now an electronic version that should be emailed to NAVYNBCD-KHMEVENTS@MOD.GOV.UK and can be found on the same page as the KHM's website Water Events Diary.

Part 1 can be completed well in advance if required. A Serial Number may be provided by KHM and provides a unique identifier for a particular event.

Part 2 is actions for KHM.

Passing the Information

Having completed Part 1 email completed WEID to NAVYNBCD-KHMEVENTS@MOD.GOV.UK. A postal method exists please use AKHM Longroom House, Stonehouse, Plymouth, PL1 3RT.

KHM will reply via email - using the originators email address and allocate a Form serial number that is unique to your event. This should then be quoted in any subsequent communication or exchange of information. Individual competitions within Series Events will use their unique identifier plus a letter suffix to identify the individual event.

Conducting an Event

On the day of the event check the movements programme for any conflicts and amend timings/plans as necessary.

Contact the relevant Port Control Station (PCS) for any updates and details of commercial traffic.

Confirm contact details on the WEID are correct (i.e., mobile number to back-up VHF Comms).

Pass details of intended area of operations, expected duration and proposed courses.

The PCS will provide information of movements and other activities (e.g., diving) and advise where deconfliction is required.

Once afloat a continuous radio watch is to be maintained on VHF Channel 14.

Please inform KHM Longroom when the event is completed.

In the event of an emerging issue during an event call Longroom Port Control on 01752 836528/836953/836490 or second, Flagstaff Port Control on 01752 552413/552416.

Sailing Races**For members of the Port of Plymouth Sailing Association (PPSA)**

Appearance of a diary event in this publication means that it has the King's Harbour Master's approval to take place. It has no priority over any other activity on the water, nor does it have exemption from any Port regulations. All water users are reminded that, unless specifically amended by a Notice to Mariners or the Dockyard Port of Plymouth Order, then the International Regulations for Preventing Collision at Sea (1972, 1987 & 1989) are overriding. Approval for any further events should be sought from the Deputy King's Harbour Master, Longroom Port Control Station, Stonehouse, Plymouth, PL1 3RT. (Tel: Plymouth 836485).
